

Beautiful, stylish and  
very low-maintenance.  
(And she's not bad either)

▲ Inner pane slides up as in a traditional sliding sash

▲ Outer pane slides providing 'child safe' ventilation

▲ Easy cleaning for both panes due to tilting mechanism

## The Vertical Slider

### Vertical sliding sash windows

This premium window system enables you to enjoy the sophisticated style of the Georgian era, with all the performance benefits of PVC-u materials from the modern age.

The cutting-edge design features sliding upper and lower window panes, both of which also tilt to enable easy cleaning from within your building.

An anti-jemmy security bar gives excellent protection against break-ins, while triple brush seals keep out the drafts. There's an overhead vent to supply constant fresh air, low-line beads and gaskets to improve sight lines and a choice of high-quality hardware to suit your tastes.
